

RIG PASS® ACCREDITATION (SERVICE CONTRACTOR ORIENTATION)

Delivery Method	Location	Duration
Classroom	Lagos, Nigeria	5 Days

(IADC) International Association of Drilling Contractors

An effective safety orientation program is a vital element in today's energy industry. RIG PASS® has developed a standard core curriculum that is world class. The curriculum was established by the drilling industry's leading professionals and prepares employees for almost any operating environment, at almost any site, onshore or offshore. RIG PASS® has been awarded to oil & gas companies worldwide from Europe to Australia, Africa, the US, Canada and the United States. Bullmate Limited is the second institution in Nigeria to be awarded the RIG PASS® accreditation. The program was developed and is administered by the International Association of Drilling Contractors, a worldwide organization comprising of contractors, producers and service companies in the energy industry.

A RIG PASS® card shows the bearer has completed RIG PASS® instruction with offshore endorsement as defined by the drilling industry's leading safety and training professionals. Students will complete this program followed by a written exam he or she must pass. The curriculum includes 12 basic modules applicable to any operation.

Course Objective

Candidates will gain a comprehensive knowledge of safety practices in the oil and gas companies irrespective of the location. It gives candidates a proper understanding of the work environments and their safety practices.

Certification

Candidates must demonstrate their knowledge by achieving a minimum score of 80% in test program. Successful candidates will receive an IADC Rigpass certificate/ completion card. There is no validity on the certificate.
